1. ***Fidel – The untold story***: His life and struggles in pictures and commentary by Estela Bravo
2. ***The Power of Community: How Cuba survived Peak Oil*** How to feed the population? How to create a low-energy society? The DVD tells the story of the Cuban people's hardship, ingenuity and triumph over adversity through cooperation, conservation and community. The Cuban experience provides a valuable example of how to successfully address the challenge of reducing our energy use.
3. ***Images of Cuba's Story***: Told in pictures and text covering health, education, culture and sports together with official documents – talking points, a declaration by intellectuals and the White Book of 2005 dealing with Cuba and human rights.
4. ***The Challenge*** – How Cuba survived the break-up of the Soviet Union and the blockade imposed by the United States.
5. ***Motor Cycle Diaries*** – The film of Che Guevara's early years in South America. The making of a revolutionary.
6. ***Che: Love, Politics and Rebelry*** – Che's life until his assassination in Bolivia. Previously unpublished films from Cuba's archives.
7. ***Mountain of Light*** – Award winning documentary of the Cuban medical brigades in Africa, Latin America and the Caribbean.
8. ***Cuban Music*** – Polo Montanez.
9. ***Venezuela: Five Factories*** – Story of workers' control in action.
10. ***Argentina: The Take*** – In suburban Buenos Aires, thirty unemployed auto-workers walk into their idle factory, rolled out sleeping mats and refused to leave. All they wanted was to re-start the silent machines
12. ***September 11*** Who did it? New filmed evidence on the bombing of the World Trade Centre.
